

WE WANT YOU TO BE PART OF THE BE100s

You may know **BLACK ENTERPRISE** as the magazine your grandparents or parents used to have laying around the house. **But it's so much more!** Beyond the pages of print, **BLACK ENTERPRISE** has emerged as the **No. 1 Black digital media brand** in the 21st century, with more than 12 million monthly unique visitors.

As the Black business bible, **BLACK ENTERPRISE** has witnessed Black business achievement and served as the guide to financial health and wealth. For **more than 50 years**, we have celebrated the executives and entrepreneurs that comprise the country's economic backbone. We have shared the triumphs of countless innovative and trailblazing entrepreneurs since we launched the **BE 100s**, our rankings of **the nation's largest Black-owned businesses**, in 1973. When Ernesta Procope opened the largest minority-owned insurance brokerage, E.G. Bowman Co., we were there. When Johnson Product Co., makers of Afro Sheen and Ultra Sheen, became the first publicly held Black-owned company traded on the American Stock Exchange, we were there. When Don Peebles acquired the first Black-owned and developed resort in the nation, we were there, and we're still here today to continue to tell the stories of today's Black entrepreneurs.

So, fill out a survey today for your chance to be recognized amid your fellow entrepreneurs and trailblazers and become part of the official barometer for Black business.
